

What makes us different

Senior Level Resources

Kuma prides themselves on being a small business and staffing each project with senior-level resources, who bring over 15 years of security and privacy experience; to every engagement.

Success Across Sectors

Kuma has successfully delivered projects across numerous clients in the federal, state and local, and commercial sectors and maintains strong relationships across the privacy and security market to best position your organization for success.

Deep Experience

Kuma leverages their deep experience and knowledge to bring a non-invasive, light touch to every client engagement that is always grounded in national security and privacy standards.

Bottom Line Change

Kuma's staff supports organizational navigation of complex business drivers, technology controls and policy implementations to produce outcomes that matter. They enable the ability to make risk-informed decisions while simultaneously maturing organizational security and privacy postures.
